

HEALTHY SKIN STARTS HERE

 **vitaderm**
Results Driven Professional Skin Care

This is Vitaderm

Vitaderm is at the forefront of the skin care industry and the premier provider of results-driven skin care. Over the last 20 years, we have developed a high-performance clinical range of skin care formulations that delivers.

The range combines the latest advances in skin care technology with high-quality ingredients to promote optimal skin health. Natural phyto extracts and plant-based lipids feature throughout the range to balance the skin and restore the barrier function, while we also incorporate maximum concentrations of advanced active ingredients and nutraceuticals to promote optimal skin health

We invite you to share in the innovation and reinvent skin health and wellness with us.

Phyto Active Range

This range incorporates naturally sourced plant-extracts into daily skin care items to help restore the skin's natural balance and repair the barrier function. These formulations are specifically designed to prepare the skin for the Advanced Active Range.

Advanced Active Range

Elevate your skin care program with our multi-active formulations incorporating maximum concentrations of naturally derived and clinically designed ingredients to promote optimal skin functioning. These formulations target specific skin care concerns, including premature ageing of the skin, hyperpigmentation, dehydration and acne-prone skin conditions.

Our range of natural, soap-free cleansers leaves skin feeling soft and cleansed, never stripped.

Pre-Cleanse

A water-soluble oil-gel, incorporating natural seed extracts, that emulsifies and removes makeup, impurities and daily pollutants from the skin.

Gentle Cream Cleanser

A creamy milk cleanser, containing extracts of rosewood, lavender and rose geranium, that leaves the skin feeling hydrated and refreshed.

Mild Gel Cleanser

A luxurious aromatic gel with a natural micro-lathering action that cleanses the complexion and balances the skin without stripping the epidermis.

Purifying Cleanser

This cleansing gel, containing natural extracts that offer antiseptic and healing benefits, purifies the complexion and restores the acid mantle.

Nourishing Cream Cleanser

A rich conditioning cleanser, incorporating extracts of almond and grape seed, that leaves the complexion feeling soothed and nourished.

Gentle Eye Make-Up Remover

A mild, hypo-allergenic formulation containing extracts of chamomile and green tea to gently remove water-resistant and smudge-proof makeup.

All our toners are alcohol-free and pH-balanced to prepare the skin so that you get the most out of your moisturiser.

Conditioning Toner

This aromatic toner contains extracts of avocado, chamomile and rose geranium as well as Vitamin C to condition and balance the skin.

Regulating Toner

A mild formulation, incorporating Vitamin C and extracts of ylang-ylang, rosemary and witch hazel, that balances the skin.

Antiseptic Toner

This toner contains extracts of juniper, cedarwood and tea tree which offer healing properties and restore the natural balance of problematic skin.

Our range of exfoliators smoothens skin and prepares the complexion for our highly effective masque treatments.

Skin Polishing Cream

A polishing cream containing an ultra-fine powder that gently exfoliates the surface of the skin while volcanic ash detoxifies from deep within.

Enzymatic Exfoliator

This granule-free gel contains phyto enzymes, extracted from unripened pineapple and papaya fruits, that gently exfoliate the surface of the skin.

Vitaderm's highly effective masque treatments restore vitality and vibrancy for visibly healthier skin.

Skin Renewal Gel

A hypo-allergenic gel masque containing extracts of aloe ferox, lavender and tea tree to soothe, hydrate and heal skin.

Anti-Fatigue Masque

This creamy clay masque contains black silt and rose geranium extract to absorb impurities from the skin and stimulate micro-circulation.

Vitality Booster Masque

A rich creamy masque formulated with anti-oxidant nutraceuticals, including Vitamin A, C and E as well as ferulic acid to help boost skin vitality.

Our phyto active moisturisers contain high-quality plant- and aromatic extracts to restore the skin's natural balance.

Pore Minimising Gel

An oil-free gel incorporating extracts of witch hazel, sandalwood and aloe vera as well as Vitamin B3 for a balanced and clearer complexion.

Ultra-Light Moisture Cream

This light emulsion with extracts of sandalwood, chamomile and lavender balances sebum production, leaving the skin refreshed and calm.

Protective Cream

A nourishing formulation containing extracts of sandalwood, horse chestnut and lavender which calm skin and offer protection against the elements.

Anti-Oxidant Cream

An ultra-moisturising cream with extracts of avocado, almond, green tea and Vitamin E for their anti-oxidant and skin regenerative properties.

Desensitising Cream

This soothing, hypo-allergenic and 100% fragrance-free formulation assists with desensitising allergy-prone and sensitive skin.

These fine-textured complexes and plant-based balm offer the ultimate in skin conditioning and seal in moisture, naturally.

Lipid Complex

An ultra-light hypo-allergenic blend of natural lipids infused with ozone (activated oxygen) for its oxygenating and skin healing benefits.

Aromatic Complex

This fine-textured formulation incorporates extracts of sandalwood, rosewood and geranium for their excellent skin conditioning benefits.

Nutrient Complex

A rich nutraceutical-driven complex, containing Vitamin C and E and ferulic acid, which targets environmental damage and restores skin vitality.

Tissue Repair Complex

A conditioning face and body complex containing seed extracts of macadamia, rosewood, and rosehip which promote cell regeneration.

Soothing Balm

A luxurious balm containing botanical oils and waxes that seal in the skin's moisture and offer lasting protection against the elements.

Vitaderm's treatment creams are formulated with multi-active ingredients that visibly improve targeted skin care concerns.

Hydrating Treatment Cream

This light-textured ultra-hydrating formulation incorporates both high- and low molecular weight hyaluronic acid to boost skin moisture.

Anti-Ageing Treatment Cream

A multi-active cream formulated with glycosaminoglycan and olive extract which offer unsurpassed conditioning and skin-plumping benefits.

Ceramide Treatment Cream

This ultra-nourishing cream contains phospholipids and Ceramide II which help restore the skin's lipid barrier and protect against moisture loss.

Purifying Treatment Cream

A highly effective night cream for problematic skin containing salicylic acid to reduce congestion and inflammation.

Multi-Vitamin Treatment Cream

A nourishing night cream containing Vitamins A, B3, B5, C and E to restore skin health, improve skin texture and assist with collagen synthesis.

Brightening Treatment Cream

A light-textured cream formulated with arbutin and glutathione to target uneven pigmentation and assist in brightening the complexion.

Firming Treatment Cream

This rich advanced active cream is ideal for the treatment of skin lacking vibrancy and firmness, including the décolleté area, hands and arms.

Our high-performance multi-active serums are powered by state-of-the-art delivery systems for optimal results.

Intensive Hydrating Serum

A creamy gel-serum containing both high- and low molecular weight hyaluronic acid to boost deep hydration and superficial suppleness.

Radian-C Serum

An oil-free Vitamin C serum that brightens the complexion while the addition of hyaluronic acid visibly increases skin hydration.

Illuminating Lifting Gel

This multi-active creamy serum contains Matrixyl 3000®, LipoLight® and pullulan which offer a skin tightening effect and photo-ready appearance.

Hydroxy Acid Serum

An active night serum rich in alpha and beta hydroxy acids which stimulate cellular renewal, target uneven pigmentation and reduce congestion.

This range of complementary items offers targeted results and anti-ageing benefits.

Eye & Lip Repair

A light-textured ultra-conditioning serum, formulated with AcquaCell™ and rosehip extract, that rejuvenates the delicate eye area.

Anti-Ageing Eye Cream

This multi-active cream incorporates Eyeseryl® peptide and hyaluronic acid to boost hydration and firmness within the delicate skin around the eyes.

Eye Lift Gel

An innovative eye gel containing AcquaCell™, Eyeseryl® and hyaluronic acid which visibly boost hydration and brighten the eye area.

Reflective Sun Barrier SPF25+

A hypo-allergenic physical sunscreen which offers broad-spectrum protection against UVA / UVB rays, thereby offering anti-ageing benefits.

Salicylic Spot Treatment

An overnight treatment incorporating salicylic acid, Vitamin B3 and tea tree extract to effectively target localised breakouts and promote skin healing.

Quality Assurance

As part of our social and environmental responsibility, we are committed to offering a skin care range of the highest quality that is also kind to the environment. Our formulations adhere to strict safety regulations and we exclude all ingredients that are suspected of being harmful, including mineral oil, cyclomethicone, parabens, SD alcohol, sodium lauryl sulphate and artificial fragrances and colourants.

In addition, our formulations are noncarcinogenic, do not cause toxic accumulation in the body and are non-toxic to the environment.

All our formulations are vegan-friendly and contain no animal derivatives. We are forever against animal testing.

The Key to Skin-Specific Skin Care

■ Clarifying**Care**
Oily / Acne-Prone Skin

■ Hydrating**Care**
Normal / Combination Skin
